

Project Experience

Clarke Elementary School– Charlottesville Schools

Charlottesville, VA

Project Experience

a. Project Name: *Clarke Elementary School*

b.

b. Description of Project:

Clarke Elementary School got a facelift and revitalization when VMDO Architects renovated their existing school building to create bright, open, functional learning environments within the walls of their existing 1920's school building. The focus narrowed on collaborative furniture that could be used to transform the space quickly based on the needs of the teachers and students at any particular time. The existing classrooms and the media center were updated with similar furnishings for the new addition making those spaces completely flexible with ergonomic furniture to promote new learning styles and teaching methods. Students and teachers alike fell in love with their new project and enjoy creating new layouts and environments with the furniture in each space.

d. Total Construction Amount

- | | |
|---|---|
| 1. Number of Change Orders: | <i>0</i> |
| 2. Value of Change Orders: | <i>0</i> |
| 3. Explanation of Change Orders: | <i>None</i> |
| 4. Year of Project Completed: | <i>2017</i> |
| 5. Construction Duration | <i>2016-2017</i> |
| • <i>Original Scheduled Completion Date</i> | <i>2016-2017</i> |
| • <i>Actual Completion Date</i> | <i>Approximate Entire FF&E project contract for CSE</i> |
| • <i>Explanation of Any Delays</i> | <i>\$828,000.00 With an additional</i> |

e. Names + Roles of Team Members
Who Worked on the Project

David Hawkins FF&E Specialist, Salesman and Provider of Product
Steve Hawkins Lead Project Manager and On Site Foreman
Scott Hawkins Shipment Coordinator and Inside Project Manager
Robert Hunter Installation Team Leader and Manager of Installation
